Simply Smart: The Challenges & Opportunities of Smart Appliances in the Home –

February 21, 2018

Workshop organized by CECED (household appliance industry in Europe) aiming at raising awareness about the importance of security, privacy, product safety and liability in the context of connected/smart appliances, and the challenges and opportunities for the industry, regarding these four issues.

Mrs Santiago will give an insight on how European Standardization face the challenges and the opportunities of smart appliances.

Target audience: European Commission, industry, standardisation bodies, testing facilities and consumers.

For more information and registration, click [here](#).

European Industry Day 2018 – February 22-23, 2018

The European Commission is organizing its 2nd European Industry Day on 22/23 February 2018, to present the current initiatives in the area of industrial policy and to launch a debate on a future EU agenda on industrial modernisation under the umbrella of the future High Level Roundtable 'Industry2030'. Dr Thies, CENELEC President, has applied to this roundtable. Target audience: industry sector, the research and innovation community, civil society, policy makers.

European market needs for education in standardisation/standardisation-related competence

The **SESEC III China IT/ICT Standardization Newsletter** for October, November and December 2017 presents the latest developments in China on topics covering the following priority sectors:

- * IoT / M2M
- * Communication networks & Services
- * Cyber Security & digital identity
- * Smart Cities (including transport, power grids & metering)
- * Electrical & electronic products
- * General products' safety
- * Medical Devices
- * Cosmetics
- * Energy management & Environmental protection (EPBD, Eco-Design & labelling).

For more information, click [here](#).

The 7th **SESEI Newsletter** provides you with the latest developments in India as well as analysis on topics covering the following priority sectors:

- * Automotive, connected cars and ITS
- * Electrical equipment (Smart Grid/Smart Meter, etc.) including Consumer Electronics
- * Information and Communication Technologies (ICT)

- * Smart Cities
- * EU-India Trade/FTA/ Investments
- * Manufacturing/Make in India

Forthcoming CEB-BEC Meetings:

CEB-BEC 48 - Electrical connectors and mechanical structures for electrical and electronic equipment - February 20, 2018

CEB-BEC 20 - Electric cables - February 22, 2018

CEB-BEC 46 - Cables, wires, waveguides, RF connectors, RF and microwave passive components and accessories – March 1, 2018

CEB-BEC 100 - Audio, video and multimedia systems and equipment - March 2, 2018

CEB-BEC 108 - Safety of electronic equipment within the field of audio/video, information technology and communication technology - March 2, 2018

CEB-BEC 14 - Power transformers - March 5, 2018

CEB-BEC 31 - Equipment for explosive atmospheres - March 6, 2018

CEB-BEC 82 - Solar photovoltaic energy systems - March 7, 2018

CEB-BEC 47 - Semiconductor devices - March 9, 2018

CEB-BEC 101 - Electrostatics - March 9, 2018

CEB-BEC 116 - Safety of motor-operated electric tools - March 14, 2018

CEB-BEC 62 - Electrical equipment in medical practice - March 19, 2018

CEB-BEC 22 - Power electronic systems and equipment - March 21, 2018

CEB-BEC 23A - Cable management systems - March 21, 2018

CEB-BEC 17 - High-voltage switchgear and controlgear - March 26, 2018

CEB-BEC 44 - Safety of machinery - Electrotechnical aspects - March 26, 2018

CEB-BEC 57 - Power systems management and associated information exchange - March 28, 2018

CEB-BEC 7 - Overhead electrical conductors - March 30, 2018

CEB-BEC 11 - Overhead lines - March 30, 2018
